

Environmental Policy

Milturn Finishing is committed to the continuous improvement of environmental performance and management and the prevention of pollution from the activities we undertake. We will comply with all applicable legal and other relevant requirements that relate to our environmental aspects, official codes of practice and, as far as practicable, accepted best practice in environmental management. We are committed to:

- Implementing energy saving technologies and initiatives
- Using utilities in a responsible and economic way to minimise negative impacts on the environment
- Managing waste according to our duty of care, minimising volumes going to landfill, by reuse and recycling, wherever possible
- Purchasing supplies, wherever possible, which are recycled and recyclable, and whose production and use minimises the consumption of natural resources
- Conserving resources by ensuring that the building and fittings are properly maintained and reflect appropriate eco guidance
- Communicating this policy and our environmental performance to appropriate staff working for or on behalf of the organisation
- Using contractors / suppliers who perform the services in accordance with relevant governments' environmental policies, demonstrating commitment to the continuous improvement of environmental performance and the management and prevention of pollution from the activities they undertake.
- Regularly reviewing the policy and processes.
